

Solar Elastosis

Solar or Senile Elastosis = 000000 000000000000000000000000000
Senescent changes in areas of the skin not regularly exposed to sunlight manifest themselves clinically

Solar or Senile Elastos	is = 000000 000000 00 0000000
Histopathology	•
	In skin not regularly exposed to sunlight, there is a progressive loss of elastic tis
